The Westmead Redevelopment project is undertaking works at the entrance to the University Clinics in preparation for the new hospital building, which is expected to be completed in 2020.

**From late December 2018 until January 2019** (exact dates to be announced soon), the University Clinics entrance will be closed.

Please see above map indicating alternate hospital entrances and access routes. Signage will be in place to assist.

Services inside the University Clinics will remain open but will only be accessible from Westmead Hospital’s main entrance and Westmead’s Centre for Oral Health entrance. The temporary link-way, between Westmead Hospital and The Children’s Hospital at Westmead, will remain open during this period so access is still available from this route.

Patients and visitors coming from the Westmead Centre for Oral Health front entrance will need to go from level 1 to level 2 via the lift or stairs to access the University Clinics.

If you have any questions, please contact the project team on 1800 990 296 or via email at WSLHD-WestmeadProject@health.nsw.gov.au
